

Assessment Objective 1

Contextual Understanding- **Develop** ideas through investigations, demonstrating critical understanding of sources

Artist Research - showing your understanding of an artist's work or style

Presentation

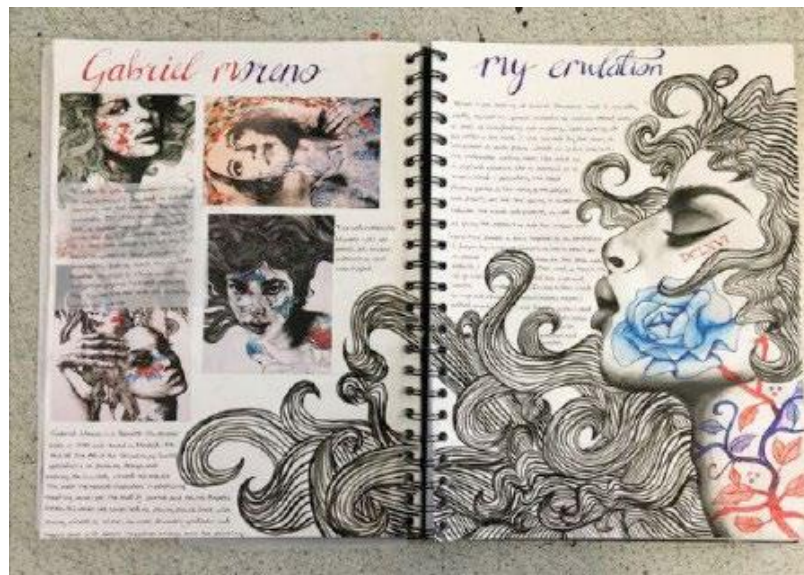

Your artist research and artist study will form a double page in your sketchbook. Include a clear title (not too large) and a relevant background. Try to present your page using a style or colours your artist would use. Avoid leaving lots of empty white space.

Biographical information

Birth
Death
Style
Education
Important works.

Collected Images

4 -6 good quality colour images. Your artist may have worked with many different themes and styles. Choose images that are relevant to your theme. Make comments about why you have chosen these particular works.

social, historical and economic influences.

What was happening at the time this art was produced? Was the artist responding to anything that was happening around them?

Artistic influences

Who or what influenced their work?
Has their work influenced anyone else?

Copied Images/ artist studies.

Show your understanding by reproducing examples of their work. You will be completing one large study for each artist but you can also produce smaller studies on your research page.

Analysis

Showing your understanding of how an artist uses the formal elements to convey a meaning or message.

Analyse the piece of work that you will choose to complete a study of.

Use the content/ form/ process/ mood model to help you with written analysis.
