2	<p>Check your homework planner for the last week to see what task you have been directed to complete on this day by your teacher.</p> <div style="border: 1px solid black; padding: 10px; margin: 10px 0; text-align: center;"> <p>Example task:</p> <p>English: (Due in Monday 5th October) Look back at Section B of your KO on (p8) and complete/fill in the Frayer diagrams for the first 8 terms on this list.</p> </div> <p><i>A teacher should always set a specific task, directing students to a particular part of the Knowledge Organiser, and to learn this in a specific way. If this isn't noted in the planner, then 1) email the class teacher to ask about the task and if you haven't had any response 2) use your initiative and learn an aspect of the KO that follows on from the previous week.</i></p>																												
3	<p>Set up your page in your brown book as per the instructions within the KO book.</p> <p>This must include the date in the top left corner of the page, and dividing the page in half with a title for each section based on the subject being studied.</p> <div style="float: right; margin-left: 20px;">  </div>																												
	Subject 1																												
4	<p>Before you start the task, you should look at the section of knowledge that your teacher has asked you to focus on this week. You should read it through once, and check that you understand all of the words/ideas in this section. Look anything up that you are unsure of in an online dictionary/encyclopaedia. You might want to practice covering up the page and checking how much you can hold in your brain before you even begin.</p>																												

<p>5</p>	<p>For subject 1 – follow the instructions from your class teacher to complete your learning for this subject. For example, you may have been asked to transform your knowledge from the KO booklet into another form, e.g. flashcards to self-quiz, quiz questions. Or you may have been provided additional resources to apply your knowledge from the KO such as: matching activities, comprehension questions. Or perhaps the teacher will have asked you to memorise some information, possibly using: look cover write check, or another strategy.</p> <p>Reminder: None of the KO tasks you are set will ask you to copy. Copying is NOT learning.</p>	 																												
<p>6</p>	<p>Ensure you use the skill of self-checking once you have completed your task. This should be evident with a different coloured pen, to help spot your successes and also areas you need to focus on in your revision/re-learning.</p>																													
<p>7</p>	<p>Repeat steps 4-6 for Subject 2</p>																													
<p>8</p>	<p>Make sure you tick off the subjects on your schedule in your KO and get a parent/carer to sign this. Also you should add in any minutes of reading on the reading log page.</p>	<table border="1"> <thead> <tr> <th>Week starting:</th> <th>Subject 1</th> <th>Subject 2</th> <th>Signed off</th> </tr> </thead> <tbody> <tr> <td>28th Sept</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Monday</td> <td>English ✓</td> <td>Art ✓</td> <td><i>lba</i></td> </tr> <tr> <td>Tuesday</td> <td>Music</td> <td>Drama</td> <td></td> </tr> <tr> <td>Wednesday</td> <td>Maths</td> <td>DT</td> <td></td> </tr> <tr> <td>Thursday</td> <td>Bedrock</td> <td>Spanish</td> <td></td> </tr> <tr> <td>Friday</td> <td>Science</td> <td></td> <td></td> </tr> </tbody> </table>	Week starting:	Subject 1	Subject 2	Signed off	28th Sept				Monday	English ✓	Art ✓	<i>lba</i>	Tuesday	Music	Drama		Wednesday	Maths	DT		Thursday	Bedrock	Spanish		Friday	Science
